COMMUNITY.

“No country can ever truly flourish if it stifles the potential of its women and deprives itself of the contributions of half its citizens.” Michelle Obama

On January 18th, 2020, we will once again gather together for the San Diego Women's March, joining thousands of marchers across the nation and around the world, upholding the values of our Unity Principles and working toward a positive and just future for all. We are proud of our accomplishments of the past three years, advocating for women's rights, immigration, gun control, healthcare, and protecting the environment. But none of this would be possible without the voices of our community partners alongside us. Our fight is not over, but we have #PowerinUnity and we are #WomenRising.

Join us as a Community Engagement Partner on January 18th!
